SETTING THE STAGE In industrialized countries in the 19th century, the Industrial Revolution opened a wide gap between the rich and the poor. Business leaders believed that governments should stay out of business and economic affairs. Reformers, however, felt that governments needed to play an active role to improve conditions for the poor.

## **Reforming the Industrial World - History With Mr. Green**

Reforming the Industrial World The Philosophers of Industrialization (pages 300–301) What is capitalism? Industrialization led to new ways of thinking about society. Some economists thought that the government should leave business owners alone. Their view is called *laissez faire*. Adam Smith argued that governments should not put limits on business.
