Teaching calculus in an original and refreshing way, this guide combines Japanese-style manga cartoons with mathematical content as it follows the story of heroine Noriko. Noriko takes a job with a local newspaper and quickly befriends math whiz Kakeru, who wants to help her understand the practical uses of calculus in journalism.

The Manga Guide to Calculus by Shin Togami, Hiroyuki ...

When I was a college student I read the Manga Guide to Databases for funnies. Since then I own almost every Manga Guide that have ever been published. They are written much like an edutainment tv show, with simplistic story/characters to put more emphasis on the lessons. Each book typically follows a young, school aged boy or girl.
